

Proverbs 18:15 *An intelligent heart acquires knowledge, and the ear of the wise seeks knowledge.*

Next time you need to find out how to do something you've not done before, why not ask an older person that you know. They may be able to offer some useful advice that you won't find on the internet!

Family activities.....

- Ask questions
- Keep an open mind
- Listen
- Learn
- Slow down and take time to contemplate... everything!
- Read

Wisdom is the ability to make sound judgments and choices based on experience. It's a virtue according to every great philosophical and religious tradition.

Wisdom is the ability to think and act using knowledge, experience, understanding, common sense and insight.

Confucius once said that there were three ways to learn wisdom: "First, by reflection, which is noblest; second, by imitation, which is easiest; and third by experience, which is the bitterest." Gaining wisdom, the most prized of virtues across almost all cultures, is an exercise in life learning, careful analysis, and thoughtful action.

Values for Life

TERM 6 - 2015

WISDOM

"Learn to Love... Love to Learn"

We are wishing all our Year 6 children good luck in the next exciting part of their learning journey.

"Before you act, listen.
Before you react, think.
Before you spend, earn.
Before you criticize, wait.
Before you pray, forgive.
Before you quit, try"
Ernest Hemingway

Knowledge speaks, but wisdom listens –
Jimi Hendrix

For reflection.....

- How are children helped to understand the difference between being clever and being wise?
- How can children be helped to appreciate the wisdom of others?
- How do we encourage pupils to reflect on what is of real value in life?
